Theresa's Story:

Theresa was born July 6, 2006 and came to the orphanage soon afterwards since her mother died and there was no one to nurse her. She was in danger of dying also. The village had already seen so many of their babies die because their mothers had malnutrition, malaria or HIV. So everyone said, please take her to the orphanage. They can save her life!

Theresa and Chola observing the "volcano experiment"

Theresa grew up in the orphanage as a very happy girl with all her orphan siblings. She loved learning and won many different awards starting very young. By the time she was 12 years old, she was on the honor roll.

When entering into high school, she had such good grades, that she was accepted into a very prestigious boarding school, Musngo Tech Girls.

We are now happy to share that this year, she has earned a scholarship to pay for her tuition until she graduates from high school. We are very proud of our Theresa! Your donations are going to help pay for her support and her school supplies.

Thank you for your prayers and support
